## **PROPOSAL TO AMMEND IPC INTERNAL REGULATIONS, ANNEX D**

The proposal is to approve and include in the Annex 4 of the IPC Internal Regulations The EXI EPEE TROPHY. The proposal should be included in the table of contents as Annex 4D and the following text included at the end of Annex 4.

### **EXI TROPHY**

The trophy was inaugurated and presented by Dr Rainier EXI Hoenle in 2006 during the World Parachuting Championships in Formation Skydiving held in Gera, Germany and was accepted by the IPC in 2015.

The trophy consists of Formation Skydiving metal artwork on a polished multi-angular wooden plaque which carries the names of the winning 4 way Female team since 2006.

The trophy is presented to the winning nation of the FS 4 way female event at the World Parachuting Championship and it is to be in their possession until the next World Championship. The winning Nation will have the responsibility to attach to the trophy a metal plaque containing the name of the team and each team member.

### **ARGUMENTATION:**

There is a trophy for all the other Formation Skydiving Events, FS 4 Way Open, 8 Way and VFS. And there is no reason for not awarding one to the female event. The German delegate realized this fact during the World Champions hosted in his country and decided to provide one. For unknown reasons it has not been officially approved until now even though it has been awarded to all the female 4 way winners since the 2006 World Championship.
